

## HARRY NAUGLE, 15, IS SENT TO STATE SCHOOL

Harry Arnold Naugle, 15-year-old Fayetteville, R. 2 fourth grader, indicted by a grand jury on a charge of voluntary manslaughter Monday, Thursday afternoon was committed by the Adams County Court to the Pennsylvania Institution for Defective Delinquents at Huntingdon.

Judge W. C. Sheely, after sentencing the youth for the shotgun slaying of his sister-in-law, said that the Huntingdon Institution is designed to train youngsters along such lines as they can learn and hold them until psychiatrists there are convinced that the child can become a normal and safe member of society again. At that time the court in the county from which the youth was committed is notified and it makes the final decision on whether the commitment can terminate, and the defendant be released.

Psychiatrists and his teacher seemed agreed on the mental age of the youth according to testimony presented at a hearing in juvenile court Thursday afternoon at the court house.

**Disregard Murder Charge**

When the grand jury Monday disregarded the murder charge against the child, and instead indicted him on a charge of voluntary manslaughter the case reverted from a juvenile and terminer court to the jurisdiction of juvenile court.

Dr. H. C. Eaton and Miss Ida Wightman, psychiatrist and psychologist respectively at the Harrisburg State Hospital, who examined Harry Naugle at the request of the county court, testified their tests showed the youth to have a mental age of slightly over seven and a social age of eight.

Miss Gladys Walter, teacher in the Orrtanna School where Naugle was a student for the past two years, said that he was capable of completing Second grade work last spring and that she felt he would be capable of being in a "low third grade" this year.

**Was Cooperative**

He was in the Fourth grade at the Orrtanna School the past two years because that is the lowest grade in the school, the teacher said.

She added, however, that he was "very cooperative. He tried hard to do everything I asked him to do. And the other children all liked him."

The psychiatrist and psychologist's report said he was "emotionally unstable" as well as "mentally retarded" and was "impulsive" and expressed the idea that "under strain he possibly would commit unlawful acts again."

Much the same testimony as that given earlier in the coroner's

## Five Injured In Crash Near Laurel

Two Harrisburg area residents were admitted to the Carlisle Hospital and three others were treated there after a head-on collision Thursday evening between two automobiles on the Pine Grove Road, on a hill just south of Laurel Lake. One car skidded on the wet road and hit the other machine. State police from Carlisle are investigating. Both cars were badly damaged.

Sidney Katzman, 43, Harrisburg, one of the operators, was treated for a laceration and fracture of the nose and the other driver, Miss Gladys D. Zimmerman, was admitted to the hospital with cerebral concussion. Also admitted was Mrs. Clara E. Thompson, 67, Steelton, suffering from fractures of both ankles and other injuries. Her husband, Edward Thompson, 70, escaped with lacerations.

The others treated for injuries included Mrs. Katzman, wife of one of the drivers, contusions, and Abe R. Kerson, Harrisburg, contusion and sprain of an ankle.

## Fire Drills Are Resumed Thursday

The Gettysburg Fire Department resumed its weekly fire drills Thursday evening. New fire hydrants at Seminary Ridge and the Fairfield Rd. and in front of the state highway building on the latter highway were tested.

Fire Chief Donald G. Jacobs said the Mack pumper delivered a pressure of 300 pounds to two lines, each two and a half inch. The booster lines were also used.

Both hydrants are on the new trench main from the pumping station which comes in the Fairfield Rd. and across the campus of Gettysburg College.

Regular fire drills will be held every Thursday evening at 6:30 o'clock, Chief Jacobs said.

## COAL STRIKE IS INTIMATED FOR SEPTEMBER

WASHINGTON (P)—Government officials said today that John L. Lewis has given formal notice that his contracts with the coal industry will expire at the end of September. This set up the possibility of a nationwide coal strike at that time.

The Taft-Hartley Labor Act requires that the government be informed of a labor dispute at least 30 days before the work contract expires.

Lewis, president of the United Mine Workers Union, gave federal mediators the required notice that contractors with both the soft and hard coal industry will run out then, these officials said.

This could—as it has done before—precede a strike providing no agreement on a new contract is reached by the end of September.

### Signed By Counsel

The notice was signed by the union's general counsel, Wally Hopkins.

UMW headquarters here said this morning it had no comment on the matter.

Lewis has been negotiating off and on since July 24 with Harry M. Moses, president of the Bituminous Coal Operators Association, and Joseph E. Moody, president of the Southern Coal Producers Association. His negotiations with Moody did not start until the beginning of this month.

Sixty days notice is required before the expiring contracts between the UMW and the industry can be ended.

### Notified Moses

Lewis gave his 60-day notice to Moses, who bargains for 240 million tons of coal a year, on July 22. That means he could legally take his Northern soft coal diggers out of the pits about Sept. 22.

His contract expiration notices to Moody and the anthracite industry were given on Aug. 1.

Thus Lewis' hard-coal miners and Southern diggers could not legally strike for a new contract until the end of next month.

## PLANE BROKE UP BEFORE CRASH

WASHINGTON (P)—A Beechcraft plane which crashed July 7 at Wellington, Va., killing four persons, began to disintegrate while in the air, a Civil Aeronautics Board report disclosed today.

CAB Investigator Richard C. Hughes said in a report that several residents in the area heard the plane and when they looked up they saw parts leaving it in the air. Lightning was flashing nearby, but Hughes expressed no opinion whether it was responsible.

"Questioning of witnesses failed to produce anyone who had seen the aircraft prior to the breaking up, which pointed to the possibility that the disintegration began while the plane was in the overcast," Hughes said.

### 4 Were Killed

The dead included the pilot, George H. Rittenour of Lancaster, Pa., and all three passengers, John D. Eshelman and Molly B. Eshelman of Sanford, N. C., and John H. Musser of Sullivan's Island, S. C.

Hughes said the pilot apparently intended to make the flight from Lancaster to Sanford without any intermediate stops and to fly under contact conditions.

No flight plan was filed, nor were any known radio contacts made by the flight after take-off, he said.

# INDIANS, YANKS LOSE AS CHISOX SWEEP SERIES

By RALPH RODEN

Associated Press Sports Writer

A month ago the Cleveland Indians were pronounced dead as an American League pennant threat.

But the Indians never entered the happy hunting grounds. Instead they climbed back into the thick of the race and today they invaded the Yankee Stadium for a two-game series with first place at stake.

Big Mike Garcia (15-8) has been nominated to face the Yanks' Allie Reynolds (15-7) in the first game. Early Wynn (16-10) is scheduled to go against New York's Vic Raschi (14-3) in the concluding game Saturday.

## Leaders Bumped

Both the Indians and Yanks suffered defeats yesterday. The third place Boston Red Sox knocked off the Indians, 4-1, and the Chicago White Sox upset the Yanks, 6-1, to sweep a three-game series. Washington and St. Louis divided a twin-night doubleheader, the Senators winning the first game, 3-2, and the Browns the second, 8-1.

In the National League, the Chicago Cubs impeded New York's pennant bid by splitting a doubleheader with the Giants, winning the first game, 8-6, but losing the second, 10-5. The Mexican standoff kept the Giants seven games behind front-running Brooklyn. The Dodgers' game with Pittsburgh was rained out. Philadelphia and Cincinnati were idle while in the circuit's only night game, St. Louis nipped Boston, 3-2, for its sixth straight victory.

Such Hudson scattered seven hits in beating the Tribe's "spot pitcher," Steve Gromek. The Red Sox nipped Gromek for all of their eight hits and runs in seven innings.

The Yanks conserving their best pitchers for Cleveland, opened with a second liner for the third straight time and failed.

Spec Shea turned in his 10th victory for the Senators in the first game at Washington. Shea allowed only five hits but was in trouble throughout because of nine walks.

Big Hank Sauer smashed a pair of three-run homers to beat the Giants in the opener at Chicago.

## "RED" OWENS DIES THURSDAY

HARRISBURG (Pa.)—Thomas Lewellen (Red) Owens, Pottsville native and a former major league infielder, died yesterday after four days at Harrisburg Hospital. He was 77.

Owens, who played with numerous major and minor league teams, was credited with helping develop the famed Frank (Home Run) Baker of the old Philadelphia Athletics.

A shortstop and second baseman, Owens began playing in organized baseball in 1896 with Sahmokin of the Central Pennsylvania League.

He was called up to the Philadelphia Nationals in 1899 when Napoleon Lajoie was injured.

Owens went back to the minors at the conclusion of that year but in 1904 played with the Detroit Tigers and the following year with the Brooklyn Dodgers.

In 1907, Owens as playing manager of Reading, Pa., in the Tri-State League, hired Baker and helped the Maryland youngster with the fundamentals of the game.

Other teams with which he was associated included Shreveport, La.; Springfield, Mass.; Norwich, Conn.; York, Pa.; Anderson, S. C.; and Trenton, N. J.

He is survived by his widow, Estella McCann Owens and a step-daughter, Harrisburg; two sisters, Mrs. Harry Parsons, Pottsville and Mrs. William Deener, Casco, Calif.; and a brother, William, of Pittsburgh.

PHILADELPHIA (Pa.)—Jack Moses, leading University of Pennsylvania pass receiver last year, will be in the lineup for the Quakers' opener with Notre Dame Sept. 27—fully recovered from a spinal operation.

The Arnold, Pa., star received medical clearance yesterday after a rapid recovery from an operation performed last winter to relieve pressure on a spinal nerve.

End coach Paul Rilett said Moses probably would be used on offense only.

## TWO GAMES AT BONNEAUVILLE LISTED SUNDAY

A double-header South Penn Baseball program has been scheduled for Sunday afternoon at Bonneauville in order to establish team position for the Shaughnessy playoffs which are listed to start on August 31.

In Sunday's first game at 1 o'clock Greenmount will meet Hunterstown, the winner being awarded third place. The loser will then clash with Hanover for the fourth place spot.

Those arrangements were set up at a meeting of league officials Thursday evening at the American Legion home, Baltimore St., when it was voted unanimously to forfeit Granite's remaining games, one each to Barlow, Greenmount, Hanover and Hunterstown. That action created a three-way-between Greenmount, Hanover and Hunterstown for third and fourth places with records of eight wins and six defeats.

The semi-finals of the playoffs, which open on August 31, will find the third place team meeting the first place Bonneauville team at Bonneauville and the fourth place outfit playing second-place Brush-town at Brushtown.

Kenneth Knox, league president, presided at the meeting at which all teams with the exception of Granite were represented.

### Rod Munday Of York Loses At Shawnee

SHAWNEE-ON-DELAWARE, Pa.—The son of a well-known golf pro and a veteran who won the title in 1940 tangle for the Philadelphia district PGA championship Sunday on the Shawnee Inn and Country Club course here.

Going in the 36-hole final will be 23-year-old John Serafin, long-ball hitting son of Felix Serafin, for years one of the perennial contenders and former Pennsylvania Open champion.

His opponent will be Matt Kowal, a veteran at tournaments, and winner of the title 12 years ago.

Kowal played sub-par golf through the early rounds and continued that type of play yesterday in ousting defending champion Rod Munday of York, 3 and 2. Serafin, who also belts an iron like a veteran, eliminated Charles Diptre of Doylestown, 3 and 1.

## FARM WISDOM

The State Fair catalog's at hand. On every page that I have scanned A fund of information shows Which every prospering farmer knows.

But I, being city born and bred, Have no such wisdom in my head.

I couldn't tell, if questioned now, A senior from a junior sow Owe recognize, as farmers do, An Oxford from a Shropshire ewe.

The various breeds of fowl I see Are chickens, one and all, to me.

The Fair (and I regret 'tis so) Displays so much that I don't know.

Still I take comfort out of this: The farmers learn what others miss.

And each exhibit, stand and stall Prove city folks don't know it all.

## Today's Talk

By GEORGE MATTHEW ADAMS

## ANSWERS

All through life there are continual questionings. They begin with the child, and we never get too old to want to know new things. The more you know the more you enjoy life and communication with others. Lord Northcliffe started his notable newspaper career with a little tabloid newspaper, which he called "Answers." It was filled with answers to questions that were interesting to all.

Over the radio and TV are immensely interesting programs given over to asking and answering questions offered. In a long lifetime we accumulate only a very few of the millions of data that add to our knowledge and enjoyment. I like to think of that great English historian, J. R. Green, who had put upon his tombstone the line: "He died learning."

I have a library of several thousand volumes that give answers to much of history, science, biography, art, literature, and endless other subjects, but in nature there is more to be observed and more to be learned than in any library. All nature is a vast library of knowledge. If you look into her great miracles and creations you will find the answer to many a puzzling problem. Why is there such a predominance of green in nature? Why are there so many perfect designs in leaves, trees, flowers, and shrubs? How did that tiny humming bird that I noted from my verandah today know that there were flowers with honey in them, on this little island where I am spending a few weeks as a vacation? It is possible that he traveled thousands of miles to reach this Nova Scotia country!

Thoreau contended that there was more to be learned of life in nature than in any other way. More than from any college, or any book. Nature harbors the answers to many a confusing problem yet to be solved. Dr. George Washington Carver contended that there was more wealth of human nutriment along the ordinary roadside than anyone realized! I was once in Dearborn, Michigan, when Dr. Carver was the guest of Henry Ford — and they served grass sandwiches for luncheon!

Endless answers to many of our problems remain in the mysterious bowels of this earth, and amny a simple one can be answered before our very eyes if we would but study it out! Many an answer is there to conserve waste and point a path to perpetual peace and happiness.

Tomorrow Mr. Adams will talk on the subject: "We're Never Alone."

FIVE OIL FIRMS  
ARE ACCUSED OF  
"PROFITEERING"  
AT U. S. EXPENSE

WASHINGTON (P)—The Mutual Security Agency (MSA), in a new report to investigating senators, has accused five U. S. oil companies of heaping "an undue burden on the American taxpayer" for their own profit.

It named the five as Standard Oil of New Jersey, Standard Oil of California, Gulf Oil Company, Socal-Vacuum Oil Company and the Texas Company.

The report, requested by the Senate Small Business Committee's monopoly subcommittee and made public last night, accused the five of "price discrimination on a world-wide scale." It said they inflated the price of oil shipped from the Middle East to European nations receiving Marshall Plan aid.

## SURE For 50 Million

The Justice Department, at MSA's request, already has filed suit to recover 50 million dollars from the five companies on grounds of overcharges on bills paid with foreign aid funds.

In New York, spokesmen for Standard of New Jersey and the Texas Company said they would stand on their previous statements, which were similar.

New Jersey Standard's statement, issued in April, said Esso export corporation sales have always been at competitive prices. It said these prices were well known and have not been protested by any of the countries concerned.

SAYS ECA Interfered

The subject has been thoroughly discussed with the Economic Cooperation Administration (ECA), predecessor to MSA, the statement said, and the Esso firm complained that "ECA was attempting to interfere with normal competitive prices."

David Proctor, vice president and general counsel for Gulf Oil Corp., said in Pittsburgh:

"As far as I know there has been no claim made against Gulf Oil by the Mutual Security Agency. That's all I have to say."

Want UMW Officials  
To Donate Salaries

SHENANDOAH, Pa. (P)—A United Mine Workers union local wants John L. Lewis and other UMW officials to turn over their salaries during the UMW's "memorial" work holiday to the union's health and welfare fund.

Referring to the holiday which starts next week for the nation's coal miners, the local stated in a letter to Lewis that, "we can't even collect unemployment compensation, thanks to our leaders who have blocked every avenue of income."

The letter also demanded that the local unions have a say in their own affairs. In requesting that union officials turn over their salaries, the letter pointed out that the union members must continue to pay dues during the holiday.

The report, requested by the Senate Small Business Committee's monopoly subcommittee and made public last night, accused the five of "price discrimination on a world-wide scale." It said they inflated the price of oil shipped from the Middle East to European nations receiving Marshall Plan aid.

### THE MAKING OF A KING

I Samuel 18:1-5, 14-16, 22:1-2; II Samuel 5:1-5

Memory Verse: Man looketh on the outward appearance, but the Lord looketh on the heart. I Samuel 16:7.

Probably there is no better illustration in the entire Bible of how God's hand can be seen in making history than in the story of David — how God made him a king.

### How Many Organizations In Adams County

How many fraternal, civic and other organizations are in Adams County? The Gettysburg Times would like to know.

A conservative estimate places the number of such organizations at near 200.

A discussion was held concerning the matter of the organization sponsoring a bowling team in the Woman's Bowling League of Littlestown. It was announced that the walker owned by the Auxiliary for community use is now available and may be secured by contacting the president. The guess package was contributed by Mrs. Rittase and was received by Mrs. Florence Sheely.

The meeting concluded with parlor bingo enjoyed by all. The next regular session will be held Wednesday, September 3, 8 p.m.

**"All my life I've wanted to own a Buick"**

Power Steering on the Roadmaster and Super

Power Steering now available on Super as well as Roadmaster—optional at extra cost.

IT seems that owning a Buick is something that a lot of folks dream about—plan for—and finally do.

We say that because, so many times, they say so in words like those above.

Those words make us happy, of course—happy to know we sell a car which means so much to those who own it.

But they make us feel just a little bit sad as well—sad to realize all the years of fun such folks have been missing for no good reason at all.

For the fact is this:

If you can afford any new car, you can afford a Buick.

You can afford the thrill of bossing around that

big Fireball 8 Engine that purrs forth a mighty flow of power.

You can afford the gas bills—as any owner of a 1952 Buick will tell you—because that high-compression, valve-in-head marvel gets a lot of miles from a gallon of fuel.

You can afford the extra luxury of a real million dollar ride—the silken smoothness of Dynaflow Drive\*—the extra room and comfort and style that have put Buick popularity right up at the top of the list, next to the "low-priced three."

So if you want to own a Buick—there's just one thing to do:

Come in—pick the one of your choice—and

let us show you how close the figure that goes on the bill of sale comes to what you'd pay elsewhere.

As we've said before, your first car can be a Buick. Why not take the Big Step now?

Equipment, accessories, trim and models are subject to change without notice. \*Standard on Roadmaster, optional at extra cost on other Series.

## Kingsdale Carnival Will Open Monday

The Kingsdale Volunteer Fire Company No. 1 will hold its fourth annual carnival, beginning Monday, August 25, and continuing through Saturday night on the grounds adjoining the engine house, 2½ miles from town, on the Littlestown-Taneytown Road. The special entertainment secured for each evening follows: Monday, Bud Messner and his Skyliners with Molly Darr, from Chambersburg; Tuesday, professional wrestling and music provided by the Kingsdalers; Wednesday, The Pioneer Men; Thursday, the fourth annual beauty contest during which the winner will be crowned Queen of Miss Adams County Firemen, and also featured will be organ music played by Mrs. Esther Crouse Peeler; Friday, The Tones of York; Saturday, 125-piece band composed of the combined Littlestown High School Band and the New Oxford High School Band, under the direction of Paul A. Harner. The New Oxford band has been

named the state champion group for the last nine years.

The annual ox roast supper will be served family style by the Ladies' Auxiliary to the company on Friday evening, beginning at 6 o'clock and on Saturday starting at 4 o'clock. The grand prize of the carnival is a 1952 Ford sedan. Valuable prizes are being offered each evening. Rides, amusements, games and refreshments are being featured each night. There will be a large number of exhibits arranged by the businesses of this area. Edgar A. Wolfe serves as general chairman of the committees on arrangements for the affair.

### GOING TO INSTITUTE

The teachers of the Littlestown Joint School System will attend institute in Gettysburg next Tuesday and Wednesday. The schools of the Jointure will open for the 1952-53 term on Thursday, September 4.

### TO HOLD DRAWING

The weekly Appreciation Day program will be held on Saturday evening at 8 o'clock in front of the Record Shop, South Queen St. There is approximately \$405 for this week's drawing.

### ON VISIT HERE

Miss Jean Brendle, Elmira, N.Y., is visiting for several days at the home of her brother-in-law and sister, Mr. and Mrs. Lowell Ruggles and family, West Myrtle St.

### No-Hit Hurters To Autograph Balls

COOPERSTOWN, N.Y. (AP) — Baseball's Hall of Fame officials someday hope to have autographed baseballs from all living pitchers who have hurled no-hits.

Most recent signature received came from Barstow, Calif., with the name Gordon (Dusty) Rhodes. Dusty pitched his no-hitter for the Cleveland Indians back in 1908.

Someone told him about a display of autographed baseballs by no-hit pitchers and he called on his friend, Clarence (Pants) Rowland, president of the Pacific Coast League. Pants gave Dusty a ball and the pitcher promptly signed it and sent it here.

Baseball's National League was founded in 1876.

## CONSERVATISM TO BE THEME OF MAJOR PARTIES

BY JAMES MARLOW

WASHINGTON (AP) — The middle of the road is getting crowded with presidential candidates. Within a few hours of each other Gen. Eisenhower and Gov. Stevenson both claimed it as their natural habitat.

It's not surprising. Both were considered fairly conservative at the time of their nomination. It's one of the reasons they were chosen. No one expected radical promises from either of them.

And at this point in American history it wouldn't be politically wise for a candidate to express anything but a philosophy of moderation. It's the mood of the country. In 1952 the center lane looks like the only road to the White House.

### Middle-Roaders

The country is prosperous, there is plenty of food, the people are still undergoing a reflex action against communism and Communists, and war doesn't seem too close, all of which encourage conservatism.

Nevertheless, neither candidate can convince everyone he is a middle-of-the-road-roader. Stevenson himself said yesterday the middle means different things to different people. Any differences between the two men should appear when they begin their campaign speechmaking. So far both have been very cautious.

There is no doubt, judging from his fast denials, that Stevenson is sensitive to the Republican charge he is under Truman's thumb. The latest to hit him with it was Eisenhower himself who said yesterday Stevenson was "handpicked" by Truman.

### "Ruthless" With "Miss"

Stevenson has gone out of his way—by referring to the "mess" in Washington and promising to be "ruthless" with corruption—to suggest the country can get a truly new management with a clear broom without changing parties at all.

In turn the Republicans have tender ears when the Democrats hoot "me, tooism," at them. The implication is plain: they have no quarrel with Democratic programs and policies, so why change the management of an old business which the Republicans seem to think is all right?

Stevenson must have been acting for a chance to file this charge at Eisenhower, whom the Republicans picked after they themselves this year had put the "me, too," label on their own 1948 candidate, Gov. Thomas E. Dewey.

When Eisenhower said the country should keep social security and some other measures passed under the Democratic administrations since 1932, Stevenson was Johnnypolkypot with a "me, too," crack at the general.

# PRE-CAMPAIGN COMMENTS TEST HARMONY LINES

By The Associated Press  
Pre-campaign comments by both Gen. Dwight D. Eisenhower and Gov. Adlai E. Stevenson were providing a test today of the harmony and unity within the ranks of their two parties.

Eisenhower, the Republican presidential nominee, talking with GOP leaders of seven Western states yesterday in Kansas City, made two remarks which raised a question whether he might get kickbacks within his own party. They were:

1. Although the Korean conflict was caused by "terrible blunders" by the present administration, he said, this country had no choice but to intervene. We might be much worse off now if we hadn't acted as we did, he added.

Blame Truman Blunders

Many Republicans contend that administration "blunders" touched off the invasion of South Korea, but disagree sharply on the soundness of American intervention.

2. An attack on Red China, Eisenhower said, would mean starting another war far more terrible than the one now going on.

On this point, he seemed to take issue with Gen. Douglas MacArthur and many GOP members of Congress who have backed MacArthur's proposal that the United Nations bomb Communist China.

The Democratic picture is this: Gov. Stevenson, the Democratic presidential candidate, may have irked President Truman — an important wheel in party machinery — with his comments about a "mess" in Washington and possibly some of his decisions on how to conduct his campaign.

President Is Irked

Truman at a news conference yesterday made it evident in several ways — by what he said, by what he didn't say, and by his facial expression — that he doesn't like some of the things Stevenson has said and done.

He gave a crisp "no comment" in answer to an inquiry as to whether he is satisfied with the way Stevenson and vice presidential nominee John J. Sparkman of Alabama have started off their campaign.

Some said if he were satisfied, he would be quick to say so.

Truman said he knows nothing of any mess in Washington, and would not comment when pressed for his reaction to Stevenson's news conference remarks that resignations and indictments have proved there is crime and corruption in Washington.

Nor would he comment about Sparkman's remark that he believed the recent steel strike had been mishandled.

## YOUNG GOP TO FACE CONTEST FOR CHAIRMAN

HARRISBURG (P) — The two-day Federation of Young Republicans opened here today with selection of a new chairman the main topic of interest.

A four-way fight for the job seemed the top possibility after Deputy Atty. Gen. Robert L. Kunzman, present chairman, took himself out of the race.

Enoch Thomas of Wilkes-Barre is said to have the backing of Gov. John S. Fine but there were reports his candidacy would be opposed by Elkins Wetherill, a Montgomery County lawyer.

In addition, reports circulated that Duane Jennings of Pittsburgh and Frank Osserella of Johnstown were ready to enter the race.

Served 2 Years

Kunzman, who is giving over the Young GOP chairmanship after a two-year term, named a 70-member committee to join in arranging for the visit of Dwight D. Eisenhower, GOP presidential candidate, to Philadelphia Sept. 4. The committee will meet here tomorrow.

In another Republican meeting here yesterday, county vice chairmen, all women, met with Sara G. Leffler, state vice chairman, to make plans for the role of women in the fall campaign.

"The women are very enthusiastic, but they're not over-confident," Mrs. Leffler said after the session.

The group discussed the broad campaigns of non-political women's groups in getting people to register for voting and decided to supplement these activities with partisan efforts to increase Republican registration.

Seek Holiday Nov. 4

The women also voted to write to Eisenhower urging him to urge college presidents to declare a holiday on Nov. 4 to permit college students to go home to vote.

Pennsylvania's national committeewoman, Mrs. Katherine G. Murdoch, disclosed plans for organization of a "Doctors' Wives for Ike" group to campaign for election of GOP candidates and head off any threat of what she termed socialized medicine.

OSHAWA, Canada (P) — Mrs. A. M. Farewell celebrated her 100th birthday by planting a tree on the site of a new United Church. Among many dignitaries attending the ceremony, Mayor Michael Starr congratulated her on behalf of the city council.

# TURNPIKE PLANS FIVE EMERGENCY LANDING STRIPS

piles said Wednesday. A spot near Burnt Cabins, Fulton County, will be the site of the first landing strip. It will cost \$34,705 and will stretch some 3,000 feet at a width of 150 feet.

Construction of the strips is being undertaken because of the hazards of bad weather to pilots flying over the mountainous route of the turnpike. Some planes have become "trapped" in the rugged area the toll road traverses.

## One Mountain Crash

At least one plane has crashed into a mountain while following the superhighway, the department pointed out. Another 47 have made forced landings along the turnpike.

Four of the strips will be located

## STORM SWEEPS MISSOURI FAIR

SEDALIA, Mo. (AP) — A wind and rainstorm swept the Missouri State Fair Grounds Thursday morning, killing one person, injuring 12 and causing extensive damage.

The high winds destroyed ferris wheels and other carnival rides and wrecked buildings. The storm came during the early morning hours when the fair was not in operation.

Storms also caused damage in other parts of the state.

At Clarence, in northeast Missouri, a dozen houses were damaged and carnival tents, put up for a town celebration, blew down. A severe thunderstorm also hit St. Louis. The storm stopped a performance at the outdoor municipal opera and blew down some stage scenery.

There was no official estimate of damage at the Missouri State Fair, but officials indicated it might exceed \$500,000.

The dead man was identified as Harry Pyle, Kalamazoo, Mich., a concessionaire with the carnival.

Officials said harness racing scheduled for today would be postponed, along with several other events. Sedalia itself escaped with minor damage.

## Abbottstown

ABBOTTSTOWN—Mr. and Mrs. Robert Berkheimer and family are spending a week at Ocean City, Md.

Mr. and Mrs. John Deible, Harrisburg, spent the week end at the home of Mrs. Gertrude Wisler.

Mr. and Mrs. Fred Berkheimer, Richmond, Va., are visiting at the home of Mr. Berkheimer's mother.

Mr. Francis Landis is spending a week in Boston with his sister. Miss Joan Little, Waynesboro, spent several days with her grandparents, Mr. and Mrs. Oscar Griffin. Her mother, Mrs. Wilbur Little, arrived Tuesday to accompany her home.

## Find Wonder Drug For Babies' Disease

NEW YORK (AP)—A pharmaceutical company has announced development of a new antibiotic combination it says brings a high cure rate in infectious diarrhea of infants and children.

The product is known as neobacin, a combination of neomycin and bacitracin.

The company, C. S. C. Pharmaceuticals, a division of the Commercial Solvents Corp., said yesterday that the combination had been given in hospital tests to children ranging in age from five days to four years.

The announcement said diarrhea subsided quickly and fever soon disappeared when neobacin was given.

## Second Quintuplet Dies Thursday Night

SAO PAULO, Brazil (AP)—A second of Mrs. Maria Albano's girl quintuplets died at the Sao Paulo Maternity Hospital last night. She was to have been named Maria Tereza.

The five babies were born to Mrs. Albano, 38, on Tuesday night and were placed in an incubator. One died yesterday.

The announcement of the second death last night contained no information on the condition of the survivors.
